

# Indicator metadata: Country location index for rejected asylum applications (typology)

Representation class for the country location index for rejected asylum applications. Each country is attributed to one of the five classes according to its location index for rejected asylum applications. Final decisions refer to the situation in which all normal routes of appeal have been exhausted. Such decisions are taken by administrative or judicial bodies in appeal or in review and which are no longer subject to remedy. Although final instances typologies may vary according to the national legislation and administrative procedures, it is usually a decision of the highest national court.
