

Indicator metadata: Total Early leavers from education and training

Early leavers from education and training by Functional Urban Areas (%) for the years 2000-2016, estimated from the corresponding NUTS2 indicator.

The indicator is defined as the percentage of the total population aged 18-24 with at most lower secondary education and who were not in further education or training during the last four weeks preceding the survey. Lower secondary education refers to ISCED (International Standard Classification of Education) 2011 level 0-2 for data from 2014 onwards and to ISCED 1997 level 0-3C short for data up to 2013. The indicator is based on the EU Labour Force Survey.
