

Indicator metadata: People at risk of poverty or social exclusion (% of total population)

People at risk of poverty or social exclusion (% of total population) by Functional Urban Area for the years 2005-2016, estimated from the corresponding NUTS2 indicator.

Persons who are at risk of poverty or severely materially deprived or living in households with very low work intensity.

Persons are only counted once even if they are present in several sub-indicators. At risk-of-poverty are persons with an equivalised disposable income below the risk-of-poverty threshold, which is set at 60 % of the national median equivalised disposable income (after social transfers). Material deprivation covers indicators relating to economic strain and durables. Severely materially deprived persons have living conditions severely constrained by a lack of resources, they experience at least 4 out of 9 following deprivations items: cannot afford i) to pay rent or utility bills, ii) keep home adequately warm, iii) face unexpected expenses, iv) eat meat, fish or a protein equivalent every second day, v) a week holiday away from home, vi) a car, vii) a washing machine, viii) a colour TV, or ix) a telephone. People living in households with very low work
